## MESSAGE

I am extremely delighted to present the broader framework of Srinagar Municipal Corporation works via this news letter which has been innovatively designed for the benefit of our citizens. We at Srinagar Municipal Corporation aim to provide services to the residents of Srinagar in an efficient and user friendly manner and reduce inconveniences caused to the public for getting information from various departments. I thank all the citizens of Srinagar for their support and the cooperation they have extended to the Srinagar Municipal Corporation. I assure you all that we will provide the best possible services. I firmly believe in Thomas Jefferson's words which he penned down nearly two hundred years ago: "Information is currency of democracy". I am implementing it in SMC and I require your help and support to make these innovative projects that we implement in SMC successful.

Commissioner  
Srinagar Municipal Corporation

## WORKS IN PROGRESS

### **DOG STERILIZATION**

Srinagar Municipal Corporation started the dog sterilization program as scheduled to take place at SKAUST Shuhama Alestang. The trainers Dr Sunil Chawla and Dr Amit Chaudry who had trained the five veterinary doctors of SkAUST on the expenditure of SMC at Jaipur began with the surgery assisted by Vet and Para Vet surgeons. Before undergoing surgery these stray packs were subjected to anti rabies vaccination for immunization, effect of which would last for at least for three years. Male dogs were subjected to castration (removal of testicles) whereas female dogs were subjected to ovariectomy (removal of uterus)

The ear notching as an ear mark of sterilization was performed on dogs which would identify them once released in their respective territorial zones.

# WORKS IN PROGRESS

## PUBLIC SERVICES GUARANTEE ACT, Under the e-Governance Initiative

To serve you better Srinagar Municipal Corporation under the initiative for e-Governance developed the Informatics Centre on modern lines with comprehensive IT facilities to make connectivity with outside world through Internet and Virtual Private Network.

The Centre is the backbone for online service delivery being made at Central Citizen Facilitation Centre. Where the Birth & Death is the first service being delivered online and the Service Guarantee Act, 2011 is also taken care of. The "Building Permission" and mentoring/tracking of complaint under "Grievance Monitoring" are the next services to be delivered online at the Centre to improve the service delivery mechanism and feel public to have hassle free services delivery from the Srinagar Municipal Corporation.

Since the Corporation has already started delivery of services through online mechanism, therefore with use of the internet and mobile services, the citizen can obtain the birth certificate at his home and likewise can also track the Building permission or the complaint that has been applied or lodged with the Corporation.
